## Fastening Systems Specialinsert

**arconic fastening systems products** - fastening solution available, regardless of industry. our uncompromising approach to engineering, manufacturing quality, and breadth and depth of products is unmatched; resulting in a range of structurally superior fasteners and ergonomically designed installation tooling. in addition, arconic fastening systems makes the process easy. **innovative fastening system for stone and ... - specialinsert** - in the latest years specialinsert focused on the new world of composites introducing innovative fastening systems for a very wide range of materials, from natural stone to carbon fiber. - confidential - **innovative fastening system for stone and solid surfaces** - in the latest years specialinsert focused on the new world of composites introducing innovative fastening systems for a very wide range of materials, from natural stone to carbon fiber. - confidential - 3 company background **exhibitors at project qatar 2012 (hall 5, stand x 13)** - specialinsert fastening systems for metal, solid parts, plastic and composite material specialinsert wood system laminated wood construction sector with focus on sport facilities woodsystem **fastening systems, inc. - hardware specialty** - 4 kato fastening systems, inc. coilthread inserts coilthread inserts (tangless or tanged) are economical, helically-coiled fastening devices providing permanent, wear- resistant screw threads which exceed the strength of most parent materials. coilthread inserts are made of cold-rolled **arconic fastening systems - the lawless group** - arconic fastening systems free-running inserts recoil recoil helically wound wire thread inserts can be used to strengthen threads, giving applications a longer life. each insert sharing the load over the entire bolt and hole, improving holding or pull out resistance. with a recoil insert installed, a more **inserts for composites - specialinsert** - specialinsert® è un'azienda presente nel mondo dei fasteners da oltre 40 anni. nasce nel 1974 per iniziativa di tre tecnici commerciali che, grazie alla loro esperienza nel settore dei sistemi di fissaggio, decidono di avviare l'attività di commercializzazione fasteners in proprio, trasformandola negli anni **fastening solutions for plastics - emhart-vic** - environment with the most appropriate assembly technology and fastening systems. we provide this capability through application engineers, and mobile, stationary and virtual innovation centers located around the world. each is electronically linked, capable of sharing application data and new design
